

INSTRUCTIONS FOR WRIST MEASUREMENT

The steel bracelet can be adjusted to fit your wrist directly by our technicians. Simply indicate your required size when ordering on our online store.

1

Download and print this file. Make sure to **print at 100%**; do not select "fit to page" in your print settings.

2

Cut out the ruler.
Follow the dotted line!

3

Place the ruler on the widest part of your wrist, where the bone sticks out. Wrap it around and note the measurement where the end meets the scale.

The bracelet size can be further adjusted using the **4mm** micro-adjustments on the clasp.
